Dear Nick

I would like to thank you and your company for the very efficient and friendly service provided by yourselves on the purchase of our new Konica Minolta C452.

Throughout the whole purchasing process we were provided with more than adequate information and any queries raised were answered promptly and pleasantly with minimum waiting time. The after sales training was extremely helpful and very well presented.

I would not hesitate in placing any further business through your company, or in recommending you to any other organisation.

Yours sincerely
