Dear Dennis

I would like to take this opportunity to extend our thanks to Luke Brennan and Denese Cafferty on the prompt and professional service they have provided to Cimeco.

I have personally purchased 10 Konica Minolta Machines over the last twelve months. We have found Scope Business Imaging head and shoulders above the competition in pricing and service.

We are extremely satisfied with the machines provided, which have performed to a high standard in a number of demanding environments.

All the staff at Scope have been extremely friendly and attentive to our requests. This has made our business dealings with Scope a pleasure.

Thanks you for the excellent service we have received. We look forward to an ongoing and mutually beneficial relationship with Scope.

Yours sincerely
