Dear Paul

We'd like to take this opportunity to thank you for the service provided by yourself and the Scope Business Imaging team regarding our newly acquired Konica Minolta C450 Print System.

The information and options you provided us with guaranteed us having made the right choice in the C450 Print System as it has been able to be tailored to our specific business needs; something which other companies were unable to offer.

The on-site training provided by Tony Cooper was thorough, easy to follow and has therefore made our transition to a machine of better technological capabilities a rather smooth ride! So far we have not been scared off by the features!

We'll happily be recommending yourself as Product Consultant and the team from Scope Business Imaging to our colleagues.

Best regards,

Karina Storen
